**‘Let’s talk’
Monday, April 3, 2023
1:00 – 3:00 PM**

Circle the date!

Our second ‘Let’s talk ...’ conversation will be led by Michelle LeGrandeur who sits on the HHBH Community Board as the Director of Community Safety.

Michelle was very busy in 2022 on a variety of initiatives involving community safety including creating, analyzing and summarizing results from our first community Safety Survey that was available at the Safety Booth at the Summer Solstice party in the park.

Michelle has both breadth and depth of understandings and insights about community safety from her work on this portfolio. She has worked tirelessly to enhance community safety through a variety of channels and connections related to the Safeway parking lot, C train platform, green spaces, playgrounds, intersections and crosswalks, and more.

Michelle would like to speak to Crime Prevention through Environmental Design, also known as CPTED. Given that spring has technically ‘arrived’, educating residents about CPTED may influence how they approach the landscaping in their yard and their overall environment.

Please join us!!! THANK YOU to all those who attended our first ‘Let’s talk ...’ conversation. We hope to see you again soon.
