## Save **PASKAPOO** Slopes

We are a grassroots, non-profit organization seeking to preserve the East Paskapoo Slopes in its natural state.

We oppose an application that has been made to the City for a residential and commercial development that would build over most of the lower section of the Slopes.

## Say **YES** to keeping **PASKAPOO WILD**

## Queen Elizabeth School

On Thursday June 11, 2015 from 6:00pm to 9:00pm Queen Elizabeth will be hosting a Grade 9 Farewell. We use this opportunity to celebrate our grade 9 students as they move from junior high to senior high. This is an evening of celebration and fun that involves a dance, Grade 9 showcase, dessert buffet and more. Students are encouraged to wear semi-formal attire and this year's theme is Hollywood. This event is for Queen Elizabeth's grade 9 students only. No parents! Tickets have been available since early April and cost \$10 each. Please inquire about tickets through the Main Office at 403-777-6380.

On Tuesday, May 12, several Social Studies 30 and ELA 30 classes from Queen Elizabeth H.S. will be joining many other classes from both the Calgary Public and Catholic Board High Schools in Calgary, in attending the Mount Royal University's Annual Holocaust Education Symposium. The Symposium, which has been offered for over thirty years now, enhances particular topics within the programs of studies for both Social Studies and English Language Arts, as well, the Symposium provides the audience with the real testimony of a Holocaust survivor. There is no mistaking that there is a special impact on the audience of teenagers, in listening to the stories of the survivors, who were only teenagers themselves, or younger, when they were sent to live in the concentration camps. As the number of survivors declines each year, their stories increase in importance, in the hope of ensuring that future generations continue to remember, and certainly to learn from, this far-reaching tragedy of not-so-long ago.

# The Hub

The Hub is the information headquarters of the Calgary Police Service where you can receive news, stories and announcements at your fingertips.

You can choose to be notified directly via voice message to your phone, text message to your cellular phone, or by email.

### Neighbourhood Alerts

The Hub Messaging System will periodically send notifications advising the public of specific crime trends in a community such as, house break-and-enters, and car prowlings.

### Major Crimes

Sometimes, the Hub Messaging System will send out notifications asking for the public's help investigating a major crime. Individual citizens are the eyes and ears of the community and quite possibly can share valuable information that might help the police in their investigations.

### Missing Persons

If a member of the public goes missing, the Hub Messaging System may be used to send a notification to communities giving a description of the person so that the rest of the public can be on the look-out and report sightings.

### Community Events

The Hub Messaging System will also be used to notify Calgary residents of safety fairs and other special events occurring throughout the City, for example, Shred-It events, community fairs, and the Diversity Cup.

Sign up for The Hub by visiting [www.hiplink.calgarypolice.ca](http://www.hiplink.calgarypolice.ca).

## Crowchild Trail Corridor Study

The City of Calgary is restarting the transportation corridor study for Crowchild Trail between 24 Avenue N.W. and 17 Avenue S.W. The study will look at short-term improvements and the amount of space (right-of-way) required for the long-term upgrades needed to move high volumes of vehicular traffic and accommodate pedestrians, transit users and cyclists while minimizing impacts to adjacent communities. The Study will also look at the impacts of a no-build option for Crowchild Trail—that is, what happens to travel along and across the Crowchild Trail corridor if no changes are made.

The City previously started the study in 2010 but was directed by City Council to cease work until a Transportation Corridor Study Policy that guides how the public will be engaged on all corridor studies is developed. Council approved the Policy July 2014 and directed the project team to restart the Crowchild Trail Corridor Study.

The Crowchild Trail Corridor Study has a new six-phase study process. Phase 1 established an 18-person team with members from communities adjacent to Crowchild Trail and the general public. The team participated in three workshops to share their ideas about engaging Calgarians for the study and reviewed results from an online questionnaire completed by more than 500 Calgarians. In the last workshop, the team collaborated on a series of recommendations to the draft engagement program for Phases 2 to 6 of the Crowchild Trail Corridor Study.

Starting in May/June 2015, Calgarians will be invited to provide input on the project goals and objectives that will help guide the remainder of the study. Visit [www.calgary.ca/crowchild](http://www.calgary.ca/crowchild) for more information on how to get involved and to sign-up for email updates.
