

HOUNSFIELD HEIGHTS – BRIAR HILL BEACON

FALL 2013

Hounsfield Heights-Briar Hill
Community Association

Annual General Meeting

Wednesday,
Nov. 20, 2012 at 7 pm

HHBH Community Hall
1922 – 14 Ave. NW

Entrance is on the west side of the gymnasium.

*Become involved in your community;
Board and Committee positions are open.*

Calendar of Events

*Send us information about your
annual or one-time event.*

- Community Board Meetings**
on the second Thursday of the
month at 7 pm in the Community
Boardroom
*All welcome! To be on the
agenda, please contact Caroline
or Robby at least 2 weeks in
advance*
Next three:
Oct. 10, Nov. 14, Dec. 12
- Family Open Gym Night**
Fridays 6:30 – 8 pm
Community Gym
- Tots Time Playgroup**
Mondays 9:30 - 11:30 am
HHBH Gym
- Halloween Heyday**
Friday Oct. 25, 6 - 7:30 pm
Briar Hill School
- Annual General Meeting**
Wednesday Nov. 20, 7 pm
HHBH Boardroom
- HHBH Christmas
Potluck Dinner**
Friday Dec. 6, 6-9:30pm
HHBH Gym

Boardroom/Gym 1922 – 14 Avenue N.W.

Parking is west of the Louise Riley Library, accessed via the library driveway.

Hall/Gym is located NE of our parking lot, just across the soccer field.

The HHBH Gym and Boardroom schedule can be viewed online at www.hh-bh.ca.

HHBH Community Clean Up – Sat Sept 7, 2013

Cindy and Phil Johnson

Despite the rainy weather it didn't seem to dampen the spirits of our volunteers! Some of you were pretty drenched by the end. We had the best turn out of volunteers that we have every had! Thanks to all of you who helped.

We also had a good turn out of people bringing their items for the dump, recycling or swapping. There was 1740 kg of electronics and 1790 kg scrap metal collected. Thanks to Techno Trash for collecting this for us. We filled 2 city packer trucks and mostly filled a 3rd one with garbage. In addition this year, the City provided a truck for compost material (brush and yard waste).

Unfortunately the WINS (Women In Need Society) had to cancel on Friday afternoon, leaving us without a plan to donate good quality used items and clothing. A few volunteers collected many good items and took them to various charities. Thanks! So we didn't end up with too much stuff that had to go into the dump at the end of the day.

Many community residents comment on how much they appreciate this service. Look for another clean up in Sept 2014.

Halloween Safety

Alberta Health Services EMS would like to remind parents and trick-or-treaters of some basic Halloween safety tips, as October 31st approaches. As a member of the Calgary's Child Magazine, *Partners for Safety*; ambulances, along with Calgary police, fire, bylaw, transit, and Shaw Cable vehicles will be out patrolling communities on Halloween night, to provide a visible safety resource for parents and trick-or-treaters.

Trick-or-Treaters

- Remember: all regular pedestrian rules still apply. Be sure to cross the road at marked cross walks or well lit corners only. It is safest to work your way up one side of the street and then cross once to the other side.
- Stay away from houses that are not well lit. Do not accept rides from strangers, or enter any home you feel is unsafe.
- Let your parents know where you are going to be at all times and advise them if you will be late returning.

Parents

- Be certain that young trick-or-treaters are accompanied by an adult. Older children should stay in groups.
- Pre-determine boundaries to trick-or-treat within and establish a firm time to return home.
- Advise children not to eat anything until they return home. Dispose of any items that appear to have been tampered with, or that are not properly wrapped.

Costumes

- Choose bright colored costumes that are highly visible. Adding reflective tape to costumes further increases visibility.
- Consider sending your children with a flashlight for additional safety and increased visibility.
- When purchasing or making costumes, look for materials and accessories that are labeled flame-resistant.
- All costume accessories, such as sticks, rods or wands, should be soft and flexible, with no sharp edges.
- Consider using hypoallergenic make-up kits instead of masks that may impair breathing or vision.
- Be sure costumes are loose enough to be worn over warm clothing – but not so baggy or long that they become a tripping hazard. Costumes should not be longer than your child's ankles.
- Ensure your child is wearing adequate foot wear that takes into consideration weather conditions and walking.

October 21, 2013

A Message from Alderman Druh Farrell

Rapid urban growth can put pressure on municipal budgets. Without adequate finances, cities are unable to undertake the capital improvements needed to keep up with growth, let alone maintain our existing infrastructure.

How Calgary grows and who pays for growth has been at the forefront of recent City discussions. Mandated by Council in 2009, growth management (Framework for Growth and Change) is a new process that will help The City budget for the needs of new communities without burdening the existing taxpayer. In the past, the costs associated with growth were addressed on an ad hoc basis. The new Framework for Growth and Change, once approved by Council, will ensure that Calgary grows responsibly and that we reinvest in existing communities.

Residents in new communities will not have to wait as long for key services and the financial risks will be covered by those who profit from development. We will also ensure free-market choice that reflects actual development costs, establishes a logical pattern of growth and eliminates subsidies currently covered by all Calgarians.

Until recently, all of our population growth occurred in new communities while we slowly lost population in older areas. We are now making our first tentative steps toward restoring populations in established neighbourhoods. The ultimate aim is for an equal split, which will be realized gradually over a 60-year period, between growth in new and existing communities. Over the next five years, 94% of the city's growth is expected to remain in the suburbs.

In the New Year, Council will make its final decision on growth management, which will deliver a more financially sustainable future for all Calgarians. If approved, it will ensure we live within our means rather than bestow a great debt on future generations.

Hon. Michelle Rempel, P.C., M.P. Report to Constituents

My recent appointment as Minister of State for Western Economic Diversification (WD) has resulted in a very busy summer. I am honored to join the cabinet table on behalf of Alberta and western Canadians and to play a key part in the shaping of our region's economic future.

Through WD, our Government invests in western businesses and industries and supports innovative entrepreneurs in pursuing emerging markets. Western Canada is well-positioned to capitalize on the many opportunities available in the global market and I am strongly committed to helping Western Canada remain a driving force in the economy of our country, both today and for the long-term.

I am confident that with this targeted approach, we will continue to realize new economic opportunities while creating jobs, economic growth, and long-term prosperity.

Since my appointment, our Government has delivered funding for some key economic activities and projects including:

- Canadian Forces personnel moving into civilian life will now have access to the training needed to launch and sustain successful businesses, with WD funding going towards the Prince's Operation Entrepreneur (POE) program.
- WD funding will support medical commercialization efforts at the Li Ka Shing Applied Virology Institute at the University of Alberta, allowing for the purchase of specialized equipment that will be used to conduct pre-commercialization activities for the development and testing of new vaccines and therapies.
- Support for the 2013 Aerospace, Defense and Security Expo, a series of workshops, presentations and networking events, showcasing western Canadian companies and helping them reach new markets.
- The Manitoba Pulse Growers Association, in partnership with the Manitoba Corn Growers Association, will receive support from our Government for the purchase of specialized agricultural equipment to seed and harvest soybean and corn research test fields to facilitate agronomic research.
- WD funding to enable the Composites Innovation Centre in Winnipeg to purchase composites equipment, complete capital upgrades and hire specialized incremental staff to support initiatives that will help expand the western aerospace composites sector.

As always I appreciate your input and feedback on issues that are important to you and your families. In my new role, I remain committed to faithfully serving my constituents while showing the world that the West means business.

As your MP, I look forward to meeting and working with you on the issues that are important to you in the coming months.

Seth Perfect

Seth Perfect, a nine year old resident of Briar Hill, decided that he would raise some money this summer by selling popcorn and lemonade on Wednesday evenings during the soccer season. Nothing too unusual about that; except for the fact that Seth was earmarking all proceeds towards the Alberta Children's Hospital.

In 2012, Seth was diagnosed with a spinal cord tumor, and was operated on in August of that year. Recovery and rehabilitation have been a slow and difficult process for Seth.

Seth spent some time at the hospital's Gordon Townsend School and has been attending the rehabilitation clinic, as well as a variety of other appointments, during the last year.

This is a good news story; Seth is now active in school, soccer, badminton and squash, and the prognosis for the tumor is good. Even better, he raised over \$600 for his cause in a mere six evenings of fundraising.

Many thanks must go out to any child or parent who bought popcorn or lemonade, as well as to all those families kind enough to offer donations.

2013 September Flood Mitigation - Message from Alderman Druh Farrell

As post-flood life slowly returns to normal for most Calgarians, The City has started the difficult task of assessing the damage and evaluating ways to protect us all from future flooding. The early tally is stunning, and it is expected to increase as we learn more. The Roads department has repaired over a hundred sinkholes, and Water Services continues to assess damage to the storm sewer system, street by street. Almost 90km of river pathways were closed and at least half will need to be rebuilt or moved. All of our beloved parks in the river valley are now partially open, but most will require remediation that will span several years. Some, like Pierce Estate Park, and Sue Higgins Park (Southland Park), lost hectares of land to the raging river as it altered its course.

We need to rethink before we rebuild. Early estimates of \$265 million in flood recovery projects could grow to \$500 million, and this is a tally primarily for repair and replacement. Additional funds will be needed for flood mitigation to protect public infrastructure for the future. The list is long, and includes projects such as flood protection for the downtown core, Calgary's economic engine where hundreds of thousands of Calgarians work, shop, and recreate. Essential infrastructure, like our traffic signal system located in the basement of the Municipal Building, will need to be rebuilt and moved to higher ground.

This month, Council will receive updated cost estimates from City Administration and an expert flood mitigation panel. We know from the experience of other communities that have recovered from major disasters, like Slave Lake and Medicine Hat, that all costs are not covered by Provincial disaster funding or insurance. The City will be able to access rainy day funds and Provincial tax room, and we'll need to make some hard choices.

Throughout the evaluation and review process, Calgarians will be given the opportunity to share their recommendations and ideas to ensure that we make the best and most cost-effective decisions possible. The City is working to create a webpage where citizen input and suggestions can be collected and summarized for the expert panel. Once this page is operational, please provide your suggestions and ideas.

October 2013

Canada: by Richard Ford *"First I'll tell you about the robbery our parents committed. Then about the murders, which happened later."* When fifteen-year-old Dell Parson's parents rob a bank, his sense of normal life is forever altered. In an instant, this private cataclysm drives his life into before and after, a threshold that can never be uncrossed. A true masterpiece of haunting and spectacular vision from one of our greatest writers, *Canada* is a profound novel of boundaries traversed, innocence lost and reconciled, and the mysterious bonds of family. Told in spare, elegant prose, it is destined to become a classic.

Pop into the Library to find out more about special events like WHO-loween (you never know when the T.A.R.D.I.S. might appear!) & bring some hauntlingly good reads or some spoOOoooOOOooky books home for Halloween!

Thursdays, Oct. 24 to Nov. 28, 6:30 - 7:30 p.m. *Registration Required.*

**See you soon at the Louise Riley Library!
CLOSED October 14th for Thanksgiving**

Sears gas plume update

Clifton Associates Ltd. (Clifton), on behalf of Sears Canada Inc. (Sears), is pleased to provide the following status update to the community of Hounsfield Heights.

Clifton completed the first monitoring and sampling event of 2013 as scheduled and submitted the report to Alberta Environment and Sustainable Resource Development (AESRD) in July. The remediation system located within Lions Park has continued to clean residual gasoline from the groundwater. The system is currently undergoing some maintenance and is expected to be back in operation before the end of October.

A revised Site Management Plan (SMP) was submitted to AESRD in July. The SMP has been reviewed by AESRD and their comments have been received by Clifton and Sears. AESRD's comments are being incorporated into an updated plan which will be resubmitted to AESRD for review in the near future.

As stated in the previous update, once the resubmitted SMP has been accepted, Sears and Clifton would like to invite the residents of Hounsfield Heights to an open house. There will be a public discussion regarding the SMP and the work to be completed. It is expected that the open house will be held sometime in Spring 2014.

Sears and Clifton appreciate the opportunity to provide this information to the residents of Hounsfield Heights and are looking forward to implementing the resubmitted SMP.

Sincerely,

Stephen d'Abadie
Clifton Associates Ltd.

Fostering safe communities...

Fall is the time of year when many Calgarians are busy preparing their homes and yards for the winter months ahead. Here are some things to keep in mind during your fall cleanup:

- Under the Community Standards Bylaw, it is illegal to burn leaves and yard waste. Check calgary.ca for leaf drop off locations.
- Tree branches may be disposed of with your household garbage. All tree branch trimmings left out for waste collection must be packaged in plastic garbage bags, tied in bundles or placed in your black or green bin for collection. Bundles can be no more than 1.25 metres in length and must weigh less than 20 kg each. Bundles should be put out for collection on your regularly scheduled collection date and must be placed at least 0.3 m (1 foot) from your blue, black or green bins.
- According to the Drainage Bylaw, water from a hot tub or pool can't be drained into the storm drainage system that channels water into our rivers. Instead, this water should be drained into the wastewater drain located in the basement of your home.
- Hazardous materials such as gasoline, motor oil and paint cannot be disposed of with your household garbage. Visit calgary.ca to find a list of Throw n' Go locations and fire stations with special storage depots for proper disposal of these materials.

Have a safe fall season and thank you for helping us build safe and vibrant communities!

THE CITY OF
CALGARY
ANIMAL & BYLAW SERVICES

community programs

Licensing Your Cat or Dog

The first step towards responsible pet ownership is to license your cat or dog. Here are five things every Calgarian should know about pet licensing:

- 1. Your cat or dog's licence is his ticket home!** Licensing your pet provides Animal & Bylaw Services with the information needed to reunite you with your pet should he ever become lost. A licence tag also tells people who may find your cat or dog that the animal is owned and that they should turn him in to Animal & Bylaw Services.
- 2. Licensing your cat or dog is the law!** Under the Responsible Pet Ownership Bylaw 23M2006, by three months of age, all cats and dogs residing in Calgary must be licensed with The City of Calgary Animal & Bylaw Services. The penalty for an unlicensed cat or dog is \$250.
- 3. Cat and dog licences must be renewed annually!**
A one-year licence costs:
 - \$15 for altered cats and kittens (up to six months old)
 - \$30 for unaltered cats
 - \$36 for altered dogs and puppies (up to six months old)
 - \$58 for unaltered dogs
- 4. Your licence fees, not tax dollars, fund our Animal Services operations!** Your fees allow us to:
 - Return lost cats and dogs to their owners and enforce the Responsible Pet Ownership Bylaw.
 - Deliver school programs and educate animal owners about responsible pet ownership.
 - Feed and shelter lost cats and dogs at the Animal Services Centre.
 - Operate a state-of-the-art veterinary clinic to provide care for adoptable cats and dogs.
 - Operate our animal adoption and volunteer animal socialization programs.
 - Provide emergency medical care for lost cats and dogs that are injured.
 - Help neighbours resolve animal-related conflicts.
 - Provide free spay or neuter surgeries for the cats and dogs of low-income Calgarians.

Have a safe fall season and thank you for helping us build safe and vibrant communities!

Graffiti Vandalism Affects Communities

A message from the Federation of Calgary Communities Building Safe Communities Program

Graffiti vandalism is figures, letters, drawings or stickers applied, scribbled, scratched, etched, sprayed or attached on or to the surface of any premises, structure, or other property. It can be done by a variety of methods including spray paint, markers, etching and pens to name a few. Graffiti done without the owner's permission is vandalism and is a crime carrying serious consequences. Most graffiti vandalism IS not gang related, but if graffiti vandalism is left unchecked, other criminal activities may begin to start in the area as the perception of the community is that no one cares or is taking care of the area. **Graffiti vandalism needs to be reported to 311.** If graffiti vandalism is

not removed quickly, this inaction may be interpreted as a sign of low neighborhood pride, and graffiti vandalism will spread to other buildings, streets and properties.

What to do:

1. Record the graffiti vandalism by taking a photograph (if possible) of the damage.
2. Note the location.
3. Report the graffiti by calling 311.
4. Remove the graffiti if it is on your property or with permission of the property owner. The longer it is left for viewing the more likely other graffiti will appear in the area.

Please visit www.graffitifreecalgary.ca for more information on graffiti vandalism and how you can make a difference in your community to address graffiti vandalism. *Special thanks to the Calgary Police Service Graffiti Coordinator Constable Dave Ladic for this article.*

community programs

BOO!

It's time to get ready for Halloween Heyday

Our annual community celebration of all things creepy and creative will be held on **Friday, October 25** at **Briar Hill School** from **6 - 7:30 pm**.

So it's time to:

- Think about **costumes**. Costumes aren't compulsory, but certainly encouraged for adults as well as children. However, **no full-face masks** for adults and BH School alumni, please.
- Let us know if you have any **great ideas** for Halloween features or events.

This year we plan to feature perennial favourites including:

- Haunted House
- Fortune Teller
- All those cool games in the gym
- Cookie decorating
- Witches' Brew cafe

- Consider **volunteering**. We need **DOZENS** of volunteers to:

- Sell game and food tokens
- Run games
- Set up and clean up

And much, much more!

If you'd like to learn more or offer to help, contact one of this year's coordinators:

Shelley "DEVILISH" Dunbar (shellot@shaw.ca)

Lea "PITCH FIGHTS" Price (leaprice@shaw.ca)

Halloween Heyday is always a **howling** success, a great community-builder that also raises money for our school council.

Everyone is welcome and admission is free (coupons for games and treats can be purchased at the door).

This is a family event – please note all children and youth must be accompanied by a parent/guardian.

Briar Hill is the community that we call home. It follows naturally that where we live, work and play is where we provide our services to friends and neighbors. This is the community where we were raised and have chosen to raise our families.

Being that this is an area in the city we love, it is also fitting that we love to sell this community. As much as we sell homes, it is also true that we sell communities. And while we align the needs of our clients with properties, it is common for us to find ourselves promoting the part of this city we call home.

Get the Ramage Advantage!
